Subject: The Next Stakeholder Meeting for the Dioxin and PCB TMDLs: April 4 or 5

Good morning!

It looks as though the afternoon of Wednesday, April 5, 2012, is the best date for the meeting, so add it to your calendar. We will have a packed agenda, so I plan to start the meeting at 1:00.

I will be in touch with folks about the agenda shortly. Proposed agenda items:

- Update committee membership (Rachel)
- TCEQ and TMDL progress (Ron Stein, TCEQ)
- Sampling results (Hanadi Rifai, UH)
- Fingerprinting (Linda Broach, TCEQ)
- Dredge sampling (Jeffery Steevens, USACE)
- Superfund Overview, including San Jacinto waste pits (EPA)
- Research (Robin Brinkmeyer, TAMU-Galveston)
- Panel Discussion (presenters, plus the following possibilities):
 - o Public outreach/technical interpretation from Galveston Bay Foundation
 - o EPA's dioxin non-cancerous health effects studies

- o Texans Together/San Jacinto River Coalition
 - o DSHS—Fish Advisories
- Wrap up (Rachel)

I will send out the general save-the-date announcement to stakeholders tomorrow.

Thanks for your patience getting this all arranged.

Sincerely,

Rachel Powers
